

The first edition of Archaeological Computing has been superseded by a second edition. As a consequence, this file has been downloaded to your computer rather than the book. It has the name ArchComp.pdf (or ArchCompD.pdf) so that it would be retrieved in place of the outdated first edition of the book.

To obtain the second edition, please go to archcomp.csanet.org to begin the process. Please do not download the first edition unless you have a specific purpose in mind. It is not the current version and does not represent the authors' views as accurately as the second edition.

If you actually want the first edition, despite the fact that it is no longer current, please go to <http://archcomp.csanet.org/ftp/outgoing/ArchCompFE.pdf> for the single-sided version of the first edition or to <http://archcomp.csanet.org/ftp/outgoing/ArchCompFED.pdf> for the version prepared to permit for duplex printing.
